

## It's tragic noose for Bad Girls Snowball

EXCLUSIVE by  
THOMAS WHITAKER

**TRAGIC** inmate Snowball Merriman hangs dead from prison railings in a shocking image set to stun fans of TV's *Bad Girls* tonight.

Snowball — played by actress Nicole Faraday, 26 — has been seen trying to kill herself since receiving a life sentence for murder.

She finally succeeds when she is let out of solitary and slips the noose around her neck. Last night an insider on the ITV1 show admitted they were braced for a flood of complaints after the episode at 9pm.

The insider said: "This is one of the most shocking images ever on British TV."

"But it reflects real life as suicides in women's prisons are on the increase."
